Board of Directors
East Kern Health Care District
California City, CA

Dear East Kern Health Care District Board Members,

On behalf of the Desert Rose Garden Club, I am respectfully requesting a sponsorship of \$1,500 to support the ongoing maintenance and beautification of Inspiration Walk, a treasured community green space located in California City.

Inspiration Walk serves as a free and accessible outdoor wellness destination for residents of all ages. The site features a walking path lined with desert-adapted trees, native plants, and educational landscaping that encourages physical activity, stress reduction, and appreciation for our local environment. As one of the few publicly accessible green spaces in our desert community, Inspiration Walk provides an important opportunity for residents to engage in healthy outdoor recreation while fostering social connection and community pride.

The requested sponsorship will help offset costs associated with landscape maintenance, irrigation repairs, replacement of plants and trees, mulch, weed management, and other improvements necessary to keep the space safe, attractive, and welcoming. These enhancements directly support community health by encouraging walking, outdoor exercise, mental wellness, and environmental stewardship.

The Desert Rose Garden Club is a volunteer-led organization dedicated to beautifying California City through gardening education, community projects, and environmental conservation. Through partnerships with local organizations and volunteers, we have worked diligently to ensure Inspiration Walk remains a valuable resource for residents and visitors alike.

Your support would help preserve this important community asset and further East Kern Health Care District's mission of promoting health and wellness throughout the region. We would be honored to recognize the District's contribution through community outreach materials and public acknowledgments associated with the project.

Thank you for your consideration and continued investment in the health and well-being of our community. We welcome the opportunity to discuss this request further and answer any questions you may have.

Sincerely,

Marilyn Giovinetti
President, Desert Rose Garden Club
California City, California
